

NEVO^{S70}

New Evolution in Home Control

NevoS70 is powerful.

NevoS70 brings your digital home to life with the simplicity of one touch control. A universal controller, NevoS70 intuitively delivers the ultimate in A/V, digital media and home control. NevoS70 provides total control of home and entertainment systems in an elegant one-hand design that includes a fully customizable 3.5" color touchscreen and 19 hard keys. It offers the widest array of features of any remote in it's class. In addition to IR, NevoS70 has 2 independent RF technologies (Z-Wave and WiFi) for best in class operations for reliable A/V control and advanced system control. Through WiFi, NevoS70 offers built-in capabilities for IP cameras (security and baby monitors) and digital content control (music, pictures, and video). NevoS70 instantly delivers web content from sites such as weather.com, ESPN.com (real-time sports scores) and TVGuide.com to the palm of your hand. NevoS70 is simpler and smarter.

>> Benefits
