

Parallax

FOR YOUR IMAGE™

DA-LITE®

Parallax™ 0.8

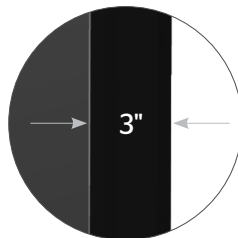

Finally. An ambient light-rejecting technology worthy of Pro AV. Introducing the latest surface from Da-Lite, which features an advanced optical lens system that rejects light. This new technology mimics the look of a television when it is on and when it is off, but without the glare from windows or lighting fixtures.

Sizes Available

Parallax 0.8 (16:9)				Parallax 0.8 (16:10)				Parallax 0.8 (2.35:1)

Features

- Micro layers that block and absorb light
- Glare and speckle-free
- Ships unassembled and easy to install
- 85° horizontal half angle
- 17° vertical half angle

Easy to assemble
3" frame

Features lens-like, micro-layered
surface to achieve optimal
ambient light rejection
